i Live **HELP ALLIANCE**

Donate with every Caipirinha!

At Rioca, we believe that hospitality is more than a roof over your head – it builds real connections and lives empathy.

That's why we created the i Live Help Alliance – our social initiative that connects our community with people who need support. Close to our hearts are three initiatives in Rio de Janeiro: the Harbour School, the football project Criança do Futuro, and the Espaço Aberto arts studio. They provide children and young people with access to education, culture and sports – and therefore real opportunities for the future.
